Home Again.

Dr E T WASGATT,

(From the Pennsylvania College of Dental Surgery)

Having had the rooms formerly occupied by him at

2 1-2 Kenduskeag Bridge,

But which was burned out in the recent fire repaired, remodeled, and fitted up in the best manner, with all the modern instruments and appliances for the performance of all kinds of operations in Dentistry begs leave to inform his old friends and patrons and the public generally, that he is at home again in the same old spot, where he would be happy to see them and wait upon them with anything wanted in the Dentistry line.

He would call special attention to his new apparatus for generating Nitrous Oxide Gas Sprague's Patent the only generator that makes a pure and tasteless gas and the only one of the kind ever in this city

He continues also his specialty of administering ether spray which is fast taking the place of the old method of inhalation being entirely safe to the most delicate persons
Please give him a call at his new rooms.

THE DIAMOND GLASSES,

Manufactured by J. E. SPENCER & CO New York which are now offered to the public, are pronounced by all the celebrated Opticians of the World to be the MOST PERFECT, Natural Artificial help to the human eye ever known

They are ground under their own supervision, from minute Crystal Pebbles, melted together and derive their name "Diamond" on account of their hardness and brilliancy

The Scientific Principle on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural healthy sight and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness &c, peculiar to all others in use

They are mounted in the finest manner, in frames of the best quality of all materials used for that purpose Their finish and durability cannot be surpassed

SIX PER CENT

Gold Bonds,

FREE FROM GOVERNMENT TAX

PORTLAND AND OGDENSBURG RAILROAD

First Mortgage Bonds

Principal and Interest Payable in Gold.

The undersigned have authority to offer for sale the Bonds of the Portland & Ogdensburg Railroad Company at the very low price of 90 with accrued interest in currency

This road is now completed to West Baldwin and trains are running to that point 33 miles from Portland Beyond West Baldwin the road is graded to Fryeburg 50 miles from Portland and the rails will be laid to that point as early in the spring as the weather will permit From Fryeburg, the road is under contract to Conway N H, to which point trains will run in July 1871

The road has thus far been built and equipped from cash subscriptions to the Capital Stock but to complete it to Bartlett N H and to provide additional equipment for its increasing business the Company has issued bonds to the amount of $800 000 secured by a mortgage of its entire property to the following Trustees

WOODBURY DAVIS
SAMUEL E SPRING
WESTON F MILLIKEN

We now offer these Bonds for sale and confidently recommend them as a safe and profitable investment for these reasons

1 **Low Price** At the present value of U S Bonds these Bonds pay one per cent more interest ... on the Investment

2 **Ample security** The entire mortgage upon the road when completed will be only $16 500 per mile a smaller ... than on any other Railroad in Maine with a single exception and less than the value of its rails and equipment

3 **Large and profitable local traffic** The business upon the line already completed more than meets the expectations of its ... and ... the interest on its Bonds The line is the natural outlet of some of the finest water power in the state on the Presumpscot and Saco rivers hitherto unimproved on account of the difficulty of reaching the seaboard It taps the large interior navigation of Lake Sebago and its tributaries over 34 miles of inland waters drains a very large agricultural district lying on the shores of Lake Sebago and on the banks of the Ossipee and Saco rivers and penetrates the heart of the White Mountains at Conway and Bartlett the most popular summer resorts of the region

4 **Prospective connections** This road is to form part of a trunk line from Lake Champlain to the seaboard Its sister Corporation in Vermont is rapidly building the Western Division of the road from Swanton to the Connecticut river and the entire line when completed will be the shortest communication between Ogdensburg the ... distributing point of the Lakes and tide water

We offer these Bonds for the present in denominations of $1 000 and $500 at

Ninety and Accrued Interest in Currency

Any further information will be gladly given by the subscribers

MAINE CENTRAL

RAILROAD

Extension Bonds.

It is generally well known that the Maine Central Railroad ... Danville Junction ... thence to Portland the Road is a part of the Grand Trunk Railway For the use of this piece of Road (some 8 miles) the Maine Central pays to the Grand Trunk a rental which for some years past has amounted to some $70 000 per annum The Maine Central having leased the Portland & Kennebec R R and thus joined that entire road with its own under one management has decided to obviate the necessity of using the Grand Trunk road from Danville to Portland by building an Extension of its own road from Danville Junction to CUMBERLAND using the Portland and Kennebec ... from thence to Portland

This Extension has already been surveyed and more than three fourths of the requisite grading and all the stone work and masonry completed and the road will be ready for the iron, (already contracted for) in the Spring and prepared for business soon afterward To aid in accomplishing this work the Maine Central Railroad has issued its Bonds to the amount of $600 000 payable in thirty years from October 1st 1870

These Bonds are secured by a **First and only Mortgage** upon the Extension and the **Entire line** of the Maine Central with all its property (which would readily sell for **three times** the amount of its Bonded debt) is holden for the payment of the Interest and Principal of these Bonds

The security is

UNQUESTIONABLE.

A large part of this issue has already been taken in this and other States and the remainder is offered for sale at a price which makes them one of the most desirable investments in the market

The Bonds bear Interest at the rate of six per cent per annum and both

Principal and Interest payable

IN GOLD.

Free from Government Tax

Coupons Payable in Boston, April 1st and October 1st in each Year

When it is considered that by building this Extension the Road can have a complete line of its own through to Portland at an outlay of some $30,000 (gold,) per year for interest, instead of paying some $70 000 per year rental to another corporation, the commendable economy of the undertaking will be apparent

The local business alone on the Extension will be profitable, besides the advantage to the Road of thus being connected by the same gauge with all the great Railroads of the Country

Bonds issued in denominations of

$500 and $1000 each.

The highest market price will be allowed for Government State and City Bonds Bonds of other Railroads and Corporations, and all marketable securities, in exchange for above

THE

CENTRAL RAILROAD

OF IOWA,

have now built and equipped in first class manner, about

180 MILES OF RAILROAD,

which will complete their entire line with the exception of laying the track on twenty-five miles, which is already graded. They will thus open

THE FIRST THOROUGH LINE ACROSS THE STATE

from north to south and by making a slight detour at one point they will give

DIRECT COMMUNICATION BETWEEN ST LOUIS AND ST PAUL

This line of Railroad will have very special advantages for both local and through business besides such superior railroad connections as will secure to it a large portion of the carrying trade of the great Northwest The

First Mortgage

7 Per Cent. Gold Bonds

which are issued upon this road are limited in amount to $16 000 per mile (while many ... issue from $20 000 to $40 000) and are offered at 90 and accrued interest in currency About two millions and a half of these bonds have already been disposed of leaving but a small balance unsold which is being rapidly taken

The most experienced financiers agree that **First Mortgage Bonds** to a limited amount **upon a finished railroad** which is well located for business are one of the very safest forms of investment

Parties desiring to secure a first class security based upon a railroad practically done and in the hands of leading capitalists who have a large pecuniary and business interest in its success will do well to apply at the office of the Company or any of its advertised agents for a pamphlet and map showing the characteristics of the enterprise

Holders of Government Bonds may exchange them for Central Iowas at a large present profit The ... handsome increase of interest for a long term of years Parties making such exchange will receive for each $1 000 Bond a $1 000 Central Iowa Bond and the following difference in cash (less the accrued interest in currency upon the latter bond) and in annual interest this calculation being based upon market prices of December 27th 1870

	Difference in Exchange	Increased annual interest upon investment
6s 81 Coupon	$232 50	3.30 per cent gold

WHO WROTE THE LETTER

... AND ... AND ...

The Washington Republican publishes the following ... document which has recently come into the hands of Gen Butler who gives it to the public lest some ... suppose that he would be swerved in his ... course of public duty by threats. ... which ... and for whom this paper was ... for the present ... hence

The Admiral has heard that a ... to be in hands hostile to him purporting to have been written by him to Admiral Farragut assailing Gen Grant

From ... instances ... within the last two weeks he believes B ... controls the letter He states it to be ... terly false and says that if any ... attempt is made to use such a letter the following will result

1 He will prove the letter a forgery and will trace it to all parties concerned and will punish to the fullest extent

2 If such a letter is produced and ... will greatly injure Mrs F ... but benefit the Admiral

3 He can prove that he never wrote ... his own hand to F

4 Believing from B's speech that he ... instigates this letter he will publish in full his correspondence with B at New Orleans

5 That he will make public all his ... actions in the sounds of North Carolina, and show how he not only gave passes ... to take in ... things harnesses and provisions to rebeldom (the proofs being ...) but will prove also the ... Justice and Fort Philip ... they surrendered to the navy ... prove that B tried to ... arrangement by which 10 000 bales of cotton ... North Carolina should be placed in B's hands and employed a person with a ... to make disreputable overtures

He will state to the country that he knows ... has been and is intriguing against Gen Grant with the deliberate purpose of defeating his nomination

He will publish his private journal in which is recorded facts and circumstances ... injurious to B and which B does ... to be known It is believed B would have no difficulty in getting any letter produced in F's apparent handwriting as he has many old letters from him probably now in his possession P has many of the strongest and ablest papers in the United States now ready to take up his cause, to attack and expose all parties arrayed against him

He is President of the Mississippi Association having about 1 000 members ... believing that B is hostile to ... have proposed to open on B not only in the West ... they have ... but throughout the country They have thus far abstained solely at the request of P who so far from being hostile to B has admired his political talents and the adroit and bold manner in which he acts in the House The entire Western press will act with the Mississippi Association in defending P and in attacking his adversaries

In relation to the so called last words of Farragut about the gridiron flag P has letters from Commodore Pennock that all said by B on that subject is a falsehood That all the officers at the Portsmouth yard as well as Farragut's son concur in and will prove that statement Their letters and statements have been voluntarily sent to P as he did not intend to notice the remarks of B in the House although urged to from the West and East. P will publish letters written after the capture of the forts below New Orleans which will put him right before the people and will also publish the history of the transfer of the vessels captured at the ports ... transferred to the Government and sold by B to his brother with whom he acted in partnership making large fortunes and of his using the coal captured by the navy

As P has thus far been friendly with B and holds facts and documentary evidence which will destroy him if used by himself and friends for that purpose, it is evident that the greater advantage lies with B ... his sustaining P at this time thus binding him by friendly acts instead of awakening undying hostility by using a false paper which P has the ability to show is forged while even if it were a genuine letter it could not be proven so The only one who could if it were true so show it would be Farragut. He is dead and it being would instantly deny its authenticity Any attempt therefore of B to injure either by himself or any of his friends, since P's suspicions have been awakened and his watch been kept for weeks on B's movements would result in far more of injury to B than by any possibility to P

As the friends of P have traced directly to B, for weeks past certain adroit movements of B there is no difficulty in exposing the whole proceeding and object as against Gen Grant, and this with the fact that the entire Republican and a large portion of the independent, party of Pennsylvania will stand by and back up P to any extent This will lose Pennsylvania to the Republican party completely and entirely and the split which the Mississippi Association will create in the West will so demoralize the Republicans there that the party cannot fail in being utterly broken up It is clear that B's interest is in co-operating with P, and his clear political foresight should prompt him at once to come to a clear understanding with P He can gain more by this than by any other course and if he desires the Presidency this is his first stepping stone towards it If the intended publication of the forged letter for the purpose of injuring G over P's back it will utterly fail, as P has the evidence not only to refute it but to completely explode all the plans of B in this movement.

A PATCHING AND DARNING FAIR.—A well known publishing firm in New York city announced that they would give appropriate premiums for the best specimens of patching and darning woolen garments and darning stockings, the articles, after the award of the prizes, to be presented to the Ladies Five Points Mission and other similar institutions, designated by the donors When the entries were closed it was found that 451 ladies contributed 943 garments "patched and darned" for competition, and about 350 others for distribution Ladies in 28 different States of the Union contributed to make up the assortment. In some instances the patching is so neatly done that it is not easy to tell where the "patch" begins or the original garment ends. Among the specimens is a pair of stockings with one hundred holes "darned so neatly as to excite wonder and admiration Doubtless much practical good will result from this novel competition in the useful arts of patching and darning.

OLD AND NEW PLACES FOR RAISING FOWLS During 1869, I raised about 150 fowls on an old place where fowls had been raised more or less for years. The consequence was, I lost at least one third of all hatched, by that much dreaded gapes. I tried nearly all the remedies recommended, but my only success was in removing the worms with a feather trimmed for the purpose. This year I am on a new place where no fowls were ... I set my first hen on the 2d of January have now about 140 chicks ... third grown and not a single case of ... or other sickness yet treating the ... both years—[Poultry Bulletin

JOHN H LYNDE - - PROPRIETOR

THURSDAY JAN 19 1871.

THE ALABAMA CLAIMS

Prof Bluntschli, of the University of Heidelberg, one of the two greatest living German authorities on international law has written an article on the Alabama claims which has been reproduced substantially in English papers It is of interest, says the Boston Journal, to compare its leading positions with those assumed by our Government, as seen especially in Secretary Fish's reply to Mr Motley's letter, and with the opinions of most of our leading public men With regard to England's recognition of the belligerent rights of the rebels, Prof Bluntschli thinks it was warranted by international law We do not see that he expressly considers the question whether this act of England was premature He reviews Mr Sumner's main allegations against England, and though he differs from the Senator in some details, he agrees with him in saying that, by allowing the departure of the Alabama which might have been prevented and by her subsequent conduct the English Government violated not only international law but also the provisions of the Foreign Enlistment act, and that the Government of the United States ... compensation Her responsibility ... direct consequences—such as the ... destruction of ships, cargoes, &c — ... indirect or inferential ...

... disagrees with Reverdy Johnson and others who have recently published ... in maintaining that the parties who lost ships or cargoes by the operations of the Alabama, inasmuch as they ... any tribunal the build ... owners of the Alabama, have not, ... any claim on the English Government ... he says the United States have ... out of the violation of the ... which neutral State owes to a belligerent This is an important point, which until lately been quite overlooked With ... satisfaction the learned Professor ... rates four forms as possible, two of which he dismisses as objectionable (one of them being a formal apology), while the other two he thinks ought to be combined by the British Government viz the payment of an adequate money compensation, to be distributed by the United States Government among its injured citizens, accompanied with a declaration of the correct principles of neutrality to be observed hereafter These views probably ... the conclusions towards which ... public mind of both continents has been ... drifting and Secretary Fish's dispatch referred to above, would seem to indicate that they are not unacceptable to our own Government Under the prudent lead ... there is reason to be ... that this great controversy, which has ... much and dangerous feeling, will ... speedily and satisfactorily ...

BANGOR AND PISCATAQUIS RAILROAD

A adjourned meeting of the Stockholders of the Bangor & Piscataquis Railroad, was held in the Common Council Room, City Hall yesterday forenoon, which was quite ... After some routine business Hon Isaiah Stetson President addressed the meeting, briefly reviewing the business of the ... past and its prospects for the future During the twelve months ending ... 1870 he said the business had ... expectations considering that the road was unfinished and for about a month during the spring, no trains were run ... The total earnings of the road for the above named time were $76,359 Of this sum $1,027 was paid the E & N A Railway for transportation over their line from Bangor to Oldtown and the running expenses amounted to $33,703 44, leaving net profits $20,666 ..., or the interest ... By a vote of the Directors the profits were applied to the completion of the road fencing &c &c For the ... year a careful and moderate estimate of the business sets the earnings at $88,73? ... of the amount to be paid the E & N A Railway which will give for net profits ... $50 000 or more, as the running expenses will not be much increased ... year ending Dec 1st 1870, 21 044 ... were carried on the road, the up ... tons and the down ... total of 15,619 tons for ... it is safe to say that the ... will be doubled Mr Stetson ... congratulated the Stockholders on the past ... and the encouraging prospects ... for the future saying he had no doubt that in five years the road would pay 6 per ... interest on every dollar expended on it It is but justice to Mr Stetson to say that he never claimed or stated in public that the road would pay more than its running expenses the first year, and his estimates for the next few years are considered very moderate as many of the Stockholders present, set them much higher He has evidently carefully considered all his statements, and they are entitled to much weight.

After an informal discussion of the subject, the meeting was adjourned to 2 o clock P M

Upon reassembling in the afternoon, the meeting on motion of Hon A G Wakefield, passed the following

RESOLUTIONS

Resolved, That the President and Directors of the Bangor & Piscataquis Railroad Company be, and they are hereby authorized to issue or cause to be issued BONDS of said Company to an amount not exceeding Two Hundred Thousand Dollars, with Coupons for interest attached, payable semi annually, free of Government tax, or otherwise, at such rate of interest and in coin or currency and to be of such denominations and payable at such time and place or places, and be executed in such manner as said Directors may determine and be countersigned by one, at least of the Trustees named in the mortgage given to secure the payment of said Bonds

Resolved That to secure the payment of said Bonds for $200,000, named in the last vote the President and Directors of said Company be and they are hereby authorized to execute and deliver, or cause to be executed and delivered in the name and behalf of said Company a conveyance, in mortgage under its corporate seal of all the property of said Company real and personal and of every kind and description, wherever the same may be situated together with the franchise of said Company, to Franklin Muzzy and John S Jenks both of Bangor in trust for the security of the holders of said Bonds, conditional to secure the payment of the same with interest according to the tenor thereof, which mortgage shall be of such form, and executed in such manner as said Directors may determine, and shall be subject and second to any and all mortgages that have been heretofore, or may hereafter be made and given by said Company to said city of Bangor under or by virtue of the provisions of an act to authorize the City of Bangor to aid the construction of a Railroad into Piscataquis County, passed February 12, 1868, and an act additional thereto, passed February 11, 1869, to secure a loan of fifteen thousand dollars per mile, which mortgages, and all rights and liens equitably or legally belonging to said City, or persons claiming under or through said City, which have been created, or arisen, or may be created or arise under, and by virtue of said acts, or any proceedings under or by virtue of the same, are to have priority to said mortgage hereby authorized to be given. Said Directors are also authorized and empowered to reserve the right in said mortgage hereby authorized to be given, to give to said city any other mortgage or mortgages of its property, real and personal, including its franchise, to secure said City for any future loan or aid said City may thereafter give said Company.

Resolved, That the Directors be authorized to sell the bonds mentioned in the preceding votes of this meeting, in their discretion at a discount which shall not be greater than twenty-five per centum, and they are also authorized to pledge said bonds to secure the liabilities of this Company, *provided* that any and all contracts or agreements for pledging same shall contain a condition that the bonds pledged shall not be forfeited until after a notice of not less than three months shall be given to the Treasurer of this Company and to the Mayor of the City of Bangor that a forfeiture is claimed, which notice shall not be given until after such liabilities shall have become due and payable.

The meeting then adjourned to February 1st, at the same place, at 10 o'clock A M

BANGOR AND AROOSTOOK RAILROAD

AUGUSTA, Me, Jan 18

To the Editor of the Whig & Courier

The Railroad Committee gave a hearing Tuesday afternoon, to the petitioners for a charter for a Railroad from a point on the European & North American Railway to Houlton,* and onward to some point in northern Aroostook There was quite a large attendance of citizens of Bangor and other parties interested in the subject

G K Jewett Esq, President of the E & N A Railway Co, thought he proposed road could be easily built As soon as sections of ten miles were built and equipped, the Company should receive from the State in bonds $10,000 per mile, and take a second mortgage on the road The road will be 200 miles long, starting from Bangor, striking Houlton on the way, following Fish river to Fort Kent, in upper Aroostook This route would go near the colony of New Sweden

The State is deeply interested in building up and putting a Railroad into Aroostook Perhaps, as suggested, $2,000,000 would be wanted, but not all at once The State should loan its credit to a certain extent to build the road Only four millions are required to 200 miles of railroad—two millions from the State, one and one half millions from Bangor, the rest from private individuals, but first we want the charter

Mr Emery of the E & N A Railway, said the route marked out is the most favorable known He gave an account of the survey of the Mattawamkeag and of the Winn route Railroads to be built cheaply in this country must follow the streams What is wanted, is the most practicable route He showed how it would pay to send lumber over a railroad, rather than by the river or in rafts Lumber has been sold in Bangor at $2 more per M when sent on cars, than when rafted Full exploration and examination of routes is needed before a road should be located

Hon Noah Woods said the Committees desire to have facts rather than arguments The Provinces are laboring to build a road along our frontier—they are persistent, and are to be commended But they will make our road tributary They hope to tap Aroostook at Houlton, and carry off the products of the Aroostook valley We must be on the alert, and tap Aroostook also and take our share I don t fear the Canadian road, if we are only smart enough to pass them, but if we lay back and make no effort, they will have established their business relations there, and we shall lose just so much

The business is already diverted The necessity of opening up Aroostook need not be argued, I we propose to make Maine a great State, we must build up Aroostook, for that is *the* great agricultural region of the State In the Aroostook valley is found more fertile lands than in the whole State of Massachusetts There is nothing in New England equal to it and there is no better way to open up and develop this County, than by railroads

Mr Stickney of Presque Isle, said a railroad such as suggested, will come within range of 200 townships containing a vast number of acres of the best land in New England It is for the interest of the State to build up a road to that region, and thus open a great and rich country to settlement and business It now took almost three days for him to come to Augusta With a railroad he could come in one, and in this way only could Aroostook be connected with the rest of the world

Mr Keegan of Madawaska said he represented a population of over 6,000 They are old settlers but they are poorer each year, and that because they have no market for their agricultural productions, therefore we need a railroad into our section

After some further brief explanatory remarks, the further hearing upon the matter was assigned for Tuesday of next week

OLDHAM

*By branch or otherwise

The Board of Education is now in session at the State House This Board is composed of the County supervisors and meets agreeably to statute provision The sessions are held every forenoon afternoon and evening, at the office of the State Superintendent. The meeting will continue during the week The exercises are open to the public Subjects closely connected with the common schools will be the general topics of discussion,

Rev Samuel F Dike of Bath, has been commissioned as County Supervisor for Sagadahoc County, in place of Rev Daniel F Potter, of Topsham resigned

The Finance Committee have completed an examination into the cost of the educational department. The items are as follows —Co Supervisors $16,311, Institutes, $3,802, salaries of the Superintendent and clerk, including the travelling expenses of the Superintendent $3,500, Printing, binding and postage, $3,771, total, $27,436, instead of $50,000 and $30,000, as has been stated The expenditures exceeded the appropriation by only $160

The Ohio Legislature has been petitioned to enact a law "to accept from the family of Gen W H Harrison the plot of ground where his remains rest, in a neglected grave at North Bend, Ohio, and to improve the same in a manner worthy of the brave defender of our Western frontiers, and President of the United States, and of the dignity of our great Commonwealth" A committee has been appointed to take steps in the matter.

The uncomfortable condition of those who were recently so ready to cut loose from the Republican party, now that they find them selves adrift, is evidenced by the desperate scrambling of certain erratic newspapers—east and west—to get back within the fold *The St Louis Democrat*, formerly an influential Republican paper, but which was but lately hand and glove with the *St Louis Republican* (Democratic) in doing its utmost for the overthrow of the Republican ascendency in Missouri, is now square on the other tack, and tells day as by day follows

"The Republican legislator who so disposes of his ballot as to contribute, however indirectly, to the choice of a Democrat, will richly merit and will inevitably incur the heartiest censure of his constituents. It will be patent that he has suffered selfish resentments to take the place of honorable statesmanship."

It must be unpleasant for the *Democrat* to have to submit to such a retort as the following from its late ally the *Republican*

"We must say this is weak put for a Republican paper that has just 'contributed' to the choice of some seventy-odd good Democrats to the Lower House of our Legislature, and of four good Democrats to Congress."

At the session of the Methodist Book Committee in New York on Tuesday afternoon, the majority favored ending the proceedings, leaving the question between Dr. Lanahan and his accusers for decision by the General Conference next year. The Bishops also favored closing the trial if a satisfactory conclusion can be reached.

THE PANOCHE GRANT The Judiciary Committee, by a vote of 7 to 3, have decided the Panoche Rancho land grant in favor of the New Idria Company and against the McGarrahan claim.

The decision as to which delegation of Georgia Senators shall be received, turns almost entirely on questions of law, rather than of fact, and a long discussion by the lawyers of the Senate may be expected when the Judiciary Committee makes its report. The Senators elected in February, 1870, Messrs Farrow and Whitely, claim seats on the ground that the Legislature of Georgia was not a Legislature legally organized, and so qualified to elect United States Senators, until it was organized under the law of July 15th, 1870, and that Congress has so determined by the passage of that law which reorganized the Legislature by which Hill and Miller were elected in 1868, and that the Judiciary Committee and Senate have further so determined by once refusing seats to the last named Messrs Hall and Miller deny that they were not admitted last year by reason of the illegality of their election, and declare that it was only on account of the measures adopted by the Legislature which elected them after their election was made, that Congress decided Georgia not to be entitled to representation, and that the assignment of that reason for their rejection at the time was a substantial acknowledgment that their election was legal They claim that at the time they were elected no question was raised against the legality of the election, and that but for the subsequent acts of the Legislature their rights to seats would not have been questioned They claim, further, that their election was in no way affected by the subsequent illegal action and consequent reorganization of the Legislature

The Columbia (S C) Union, having been accused by a Democratic contemporary of raving about the Ku Klux outrages, makes the following reply

"We shall continue to 'rave' against wrong and injustice whenever and wherever we find it, whether it be in the Republican or Democratic ranks We intend to speak for the interest of those who desire to live in quiet, and who have no liking for these scenes of turmoil and bloodshed If a Republican is engaged in this 'night-riding,' murdering whipping, or otherwise maltreating peaceable citizens, we will go as far as any man, in this or any other State, toward bringing him to justice We care not who the parties are that are engaged in this damnable business, whether they be roughs who daily hang about the bar rooms drinking poor whisky, or whether they belong to the first families in the country, they must be brought to justice at all hazards If a colored man murders another person, under *any* circumstances, we want him apprehended and punished to the full extent of the law If a white man commits the same crime we desire the same treatment meted out to him If this be 'raving,' then we are prepared to 'rave' on"

A telegram from Eastport says "the brig Water Lily, which was seized at Letang on Tuesday while fishing for herring, had a British Register but it is claimed that the owner and Captain is a resident of Eastport and owns property there, though a British subject All English vessel with Eastport Captains are driven off"

TAX ON DIVIDENDS Commissioner Pleasanton has decided that dividends for the months ending Dec 31st, 1870, are not subject to internal revenue tax and that an abatement must be allowed where any has been paid

DR SCHENCK ADVISES CONSUMPTIVES TO GO TO FLORIDA IN WINTER

Having for the last thirty five years devoted my whole time and attention to the study of lung diseases and consumption I feel that I understand fully the course that ought to be pursued to restore a tolerably bad case of diseased lungs to healthy soundness The first and most important step is for the patient to avoid taking cold and the best of all places on this continent for this purpose in winter is Florida well down in the State, where the temperature is regular and not subject to such variations as in more northern latitudes Palatka is a point I can recommend A good hotel is kept there by Peterman Last winter I saw several persons there whose lungs had been badly diseased, but who under the healing influence of the climate and my medicines were getting well

One hundred miles farther down the river is a point which I would prefer to Palatka as the temperature is more even and the air dry and bracing Mellonville and Enterprise are located there I should give a decided preference to Mellonville It is two miles from river or lake and it seems almost impossible to take cold there The tables in Florida might be better and patients complain at times, but that is a good sign as it indicates a return of appetite and when this is the case, they generally increase in flesh and then the lungs must heal

Jacksonville, Hibernia Green Cove and many other places in various parts of Florida can be safely recommended to consumptives in winter My reasons for saying so are that patients are less liable to take cold there than where there is a less even temperature and it is not necessary to say that where a consumptive person exposes himself to frequent colds he is certain to die shortly therefore my advice is go well down into the State out of the reach of prevailing east winds and fogs Jacksonville or almost any other of the localities I have named will benefit those who are troubled with a torpid liver a disordered stomach deranged bowels sore throat or cough but for those whose lungs are diseased a more southern point is earnestly recommended

For fifteen years prior to 1869 I was professionally in New York Boston Baltimore and Philadelphia every week where I saw and examined on an average five hundred patients a week A practice so extensive embracing every possible phase of lung disease has enabled me to understand the disease fully and hence my caution in regard to taking cold A person may take vast quantities of Schenck s Pulmonic Syrup Seaweed Tonic and Mandrake Pills and yet die if he does not avoid taking cold

In Florida nearly everybody is using Schenck's Mandrake Pills for the climate is more likely to produce bilious habits than more northern latitudes It is a well established fact, that natives of Florida rarely die of consumption especially those of the southern part On the other hand, in New England one-third at least of the population die of this terrible disease. In the Middle States it does not prevail so largely still there are many thousands of cases there What a vast percentage of life would be saved if consumptives were as easily alarmed in regard to taking fresh colds as they are about scarlet fever small pox &c but they are not they take what they term a little cold which they are credulous enough to believe will wear off in a few days They pay no attention to it and hence it lays the foundation for another and another still until the lungs are diseased beyond all hope of cure

My advice to persons whose lungs are affected even slightly is to lay in a stock of Schenck s Pulmonic Syrup Schenck s Seaweed Tonic and Schenck s Mandrake Pills and go to Florida. I recommend these particular medicines because I am thoroughly acquainted with their action I know that where they are used in strict accordance with my directions they will do the work that is required This accomplished nature will do the rest. The physician who prescribes for cold cough or night sweats and then advises the patient to walk or ride out every day, will be sure to have a corpse on his hands before long

My plan is to give my three medicines in accordance with the printed directions, except in some cases where a freer use of the Mandrake Pills is necessary My object is to give tone to the stomach,—to get up a good appetite It is always a good sign when a patient begins to grow hungry I have hopes of such With a relish for food and a gratification of that relish comes good blood, and with it more flesh which is closely followed by a healing of the lungs—then the cough loosens and abates the creeping chills and clammy night sweats no longer prostrate and annoy and the patient gets well provided he avoids taking cold

Now there are many consumptives who have not the means to go to Florida. The question may be asked Is there no hope for such? Certainly there is My advice to such is and ever has been to stay in a warm room during the winter with a temperature of about seventy degrees which should be kept regularly at that point by means of a thermometer Let such a patient take his exercise within the limits of the room by walking up and down as much as his strength will permit, in order to keep up a healthy circulation of the blood I have cured thousands by this system, and can do so again Consumption is as easily cured as any other disease, if it is taken in time and the proper kind of treatment is pursued The fact stands undisputed on record, that Schenck s Pulmonic Syrup, Mandrake Pills and Seaweed Tonic have cured very many of what seemed to be hopeless cases of consumption Go where you will you will be almost certain to find some poor consumptive who has been rescued from the very jaws of death by their use

So far as the Mandrake Pills are concerned everybody should keep a supply of them on hand. They act on the liver better than calomel, and leave none of its hurtful effects behind In fact they are excellent in all cases where a purgative medicine is required. If you have partaken too freely of fruit, and diarrhoea ensues, a dose of the Mandrakes will cure you If you are subject to sick headache, take a dose of the Mandrakes, and they will relieve you in two hours If you would obviate the effect of a change of water or the too free indulgence in fruit, take one of the Mandrakes every night, and you may then drink water and eat watermelons, pears, apples, plums, peaches or corn, without the risk of being made sick by them They will protect those who live in damp situations against chills and fevers Try them. They are perfectly harmless They can do you only good.

I have abandoned my professional visits to Boston and New York, but continue to see patients at my office No 15 North Sixth Street, Philadelphia, every Saturday, from 9, A M, to 3, P M Those who wish a thorough examination with the Respirometer will be charged five dollars The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not. But I desire it distinctly understood, that the value of my medicines depends entirely upon their being taken strictly according to directions.

In conclusion, I will say, that when persons take my medicines, and their systems are brought into a healthy condition thereby, they are not so liable to take cold yet no one with diseased lungs can bear a sudden change of atmosphere without the liability of greater or less irritation of the bronchial tubes.

Full directions in all languages accompany my medicines, so explicit and clear that any one can use them without consulting me, and can be bought from any druggist.

THE AMERICAN

STANDARD

WASHING SOAP.

This new Soap is fast coming into general use and is the washer s favorite

"The Best Soap I ever Used,"

Is the unanimous verdict after one trial

It does the work in a manner which gives perfect satisfaction

Would you practice economy?

Then use the STANDARD SOAP.

It does not, when in use, absorb more water than is necessary, while nearly all other Soaps, (as is well known) absorb water nearly equal to a sponge, become soft, and waste uselessly away

Hence it is ECONOMY to use the STANDARD, one bar of which will accomplish more with less labor, than the same amount of any other Soap in the market, and one trial is amply sufficient to prove it.

TELEGRAPHIC

TO THE

Whig & Courier.

FORTY-FIRST CONGRESS

THIRD SESSION.

WASHINGTON, Jan 18

SENATE

Mr Casserly replied at length to Mr Warner charging him with inconsistency with his position at the last session when he advocated a humane and friendly treatment of the Southern people and declared that the whole object of the proposed investigation was to ... hatred and civil war and thus ... Republican party capital

Mr Casserly argued that the present unfavorable condition of affairs in the South was ... natural consequence of civil war and ... the quarrels of bands of "Skinners" ... Kuklux years following the Rev... which were far more bitter and des... than anything which has yet occurred in the South in support of his proposition

Mr Warner in reply, said he would vote with the Senator from California for amnesty for rebellion but would be sorry to propose ... it should carry with it amnesty for rebel ... and murder of to-day While for amnesty he was also for the halter for murderers — An illustration of the political feeling in ... the lawless condition of society in the South he cited an incident within his ... experience of an organized attempt during the late canvass to break up a Republican meeting at Eutaw Alabama, which was attended with most serious consequences, ... of the participants in the meeting being killed ... and it was in the interest of Democracy and intended by them as a means of carrying the county in which it occurred — There was no greater provocation for it than there was now for him (Warner) to fire a shot in the Senate Chamber He had been ... that during the melee several shots ... at himself It was impossible to punish ... because they were thoroughly organized and had control of the county

Mr Wilson said that since the war he had striven as far as it was in his power to secure the return of peace and order to the whole country and never failed to express kindly feelings towards our countrymen who went into rebellion He had visited them in ... and aided them in getting out of prison and had received acknowledgements on this score from many Southern statesmen and 15 or 20 Generals in the Southern army Mr Wilson continuing his remarks said he would ... to relieve many of those if they would ... for it He should vote to-day to relieve ... kinridge because since the close of the war he had so far as the speaker knew, acted like a high toned and honorable gentleman ... what had been said about the failing fortunes of a perishing party, he remarked that he had no shadow of doubt of the election of 1872 that official records had heretofore indicated Republican legislation ... that Mr Casserly had gone too far in imputing partizanship to a majority of the Senate He advocated the proposed investigation as looking to a means of encouraging the ... all over the country who are in favor of law and order

The debate which was almost exclusively political was continued at great length Mr Nye Chandler and others sustaining the resolution and Messrs Bayard and Thurman opposing it.

Mr Bayard charged the Republican party with unwarrantable interference with southern ... and elections and cites messages of Gov Scott of South Carolina, and Bullock ... to prove no formidable or threat... opposition to laws existing in the south

Mr Thurman argued in a similar manner ... all over the south intimidation was exercised by negroes upon any of their ... who voted the Democratic ticket

Mr Chandler in an extended speech ... party motives in proposed investigation ... reviewing the record and ... affirmed that nine out of ... of the young men in the country ... the Republican party the ... the Senator from Delaware would get ... the Senator from Del... would like to see ... arrived

Mr Willey was surprised that the Senator ... attributed sinister motives to ... the investigation which ... the face of authentic ... murders and maltreatment ... new citizens The President of the Senate would certainly appoint a proper ... He (Willey) would like to see ... Mrs Casserly and Bayard, members

Without reaching a vote, the Senate after ... adjourned

Mr Julian of Indiana offered a resolution instructing the Committee on Public Lands to inquire into the expediency of legislation to guard the rights of States to lands granted them for educational purposes and to ... their monopoly Adopted

Mr ... asked leave to offer a resolution instructing the Committee on Military Affairs to inquire what legislation is necessary to prevent J W Smith of the Military Academy a colored cadet from being maltreated and persecuted on account of ...

Mr Wood of New York objected

The Post office appropriation bill having been considered in Com of the Whole passed the House

Mr Bingham of Ohio from the Select Committee on the Brooks-Hastings controversy reported the proceedings of the Committee yesterday including Hastings' communication declining to participate further in the investigation on the ground that the matter was pending in courts of law and should not be forced into premature disclosure of proofs. Also including the communication from Mr Brooks stating his readiness to establish by ... the fact that Hastings signed a retraction of the libel on Henry D Stone and that Mr Stone was still living in Albany and ... unable to a summons from the House — The report also contains the refusal of Mr Hastings to testify as to the truth or falsity of the charges against Mr Brooks Mr Bingham therefore reported the following

Resolved That it is the judgment of the House that by reason of the refusal of Hugh J Hastings to testify before the Select Committee as to the truth of this accusation, Hon James Brooks is fully exonerated from the charge so made by said Hastings and the Committee are discharged from further consideration of the subject.

LATEST NEWS from EUROPE

BISMARCK REPORTED DANGEROUSLY ILL

Special to New York Herald—

London Jan 17 I have most unquestionable authority for stating that Bismarck is very seriously, and it is feared fatally ill I credit all statements to the contrary as entirely efforts are made to conceal the fact.— I am able to state positively the exact words of Lord Odo Russell, English Envoy at Versailles on last Saturday which were "I have just left Bismarck and I deeply regret to state that my conviction is that he has the mark of death on his countenance!"

FIRE OF FRENCH BATTERIES EFFECTIVE

London Jan 17 Advices from Paris report that the fire of the French batteries is improving and on the west side especially, effective, doing much damage to German positions

MEETING OF THE CONFERENCE

at the appointed time is certain, though an adjournment to await the arrival of Favre is probable A Berlin dispatch affirms that the programme of the Conference is definitely arranged

Granville will preside at the Conference which will be held at the Foreign Office. The rumor that conference will adjourn after formal opening has received no confirmation.

THE LORD MAYOR OF LONDON

has started a subscription for the benefit of non combatants in Versailles.

THE FRENCH REMOVING HEAVY GUNS

London, Jan 17. A dispatch from Versailles announces that the French are removing their heavy guns from forts D'Issy and Vanvres.

CHANZY STILL RETREATING.

Bordeaux 16. Chanzy continues to retreat in good order. The advance guard of Faidherbe's army re-entered A bert.

Bourbaki is rapidly approaching Belfort, and news of raising the siege is momentarily expected

The Prussians have occupied Alencon.

Bordeaux, Jan. 16. Bourbaki after the battle of Sunday, which lasted all day, occupied the town of Mont Bellaird and adjacent villages

Gen Chanzy reports that the Prussians renewed their attack on his army, Sunday.

BOSTON ITEMS

BOSTON, Jan, 18

Samuel N. Bell is Democratic nominee for Congress in the 2nd New Hampshire District.

Jeremiah W. Sullivan has been held in $5,000 bail charged with perjury in the recent trial of John Woods for murder

John Lucas, ship carpenter, of Newburyport, is the name of the person killed on the Eastern Railroad Monday

THE METHODIST BOOK CONCERN

NEW YORK, Jan 18

The Court of the Methodist Book Concern remained in executive session up to 4 o clock without arriving at any definite conclusion — They adjourned to meet to-morrow As well as could be ascertained seven members of the committee were for stopping the proceedings and six for going on with the inquiry It is stated that the Bishops are in favor of adjourning the case until the next general conference, in 1872 Dr Lanahan has been asked to make concessions which would lead to an amicable adjustment but has thus far refused

SPOKEN

Jan 15th lat 35 50 lon 75 40, brig Aroostook from Pensacola for New York

THE ECLIPSE Prof Azeph Hall of the U S Naval expedition, sent to Sicily to observe the solar eclipse of Dec. 22d, writes: "We have had tolerable success. Four contacts were pretty well observed during the total eclipse. I think the physical observations somewhat doubtful. The protuberances were very well seen. They were of a pale red color and not so bright as I expected them to be. A cloud interfered with my observations of the Corona. Could detect very little of the radiating and curved streamers given in many pictures."

LOCAL AND OTHER ITEMS

—Last evening was crisp and cold

—A nice, clear day, was yesterday

—A little sand is much needed on the sidewalks

It is reported that a young lady from Brewer drove the fastest horse on the road yesterday

—The Hampden road was largely patronized yesterday, and the fancy horses were out in force

—A lad named Albert Wright was bitten in the hand by a vicious dog, while coasting on Stillwater Avenue, yesterday

—E W Ward of East Eddington slaughtered a pig the 4th instant, nine months old, that weighed 3 0 lbs.

—See fourth page for accounts of County Commissioners and statement of the financial condition of Penobscot County

—Job B Foss of Charleston recently slaughtered two hogs, 18 months old, which united ly weighed 1220 pounds

—A tree blew or fell down across the Western Union Telegraph line between this city and Newport, yesterday, breaking three of the wires

—A sleigh came in contact with the wheel of a big wagon, on West Market Square yesterday, and the horse was unharnessed in the twinkling of an eye

—The gas in the lower part of the city failed up between 6 and 7 o'clock last evening on account of water or frost in the pipes, but soon resumed its flow

—The preliminary examination of John McGuire charged with the murder of his wife has been postponed—date not given—in order to give time to obtain important witnesses

—The funeral services of Rev Dr Wilson will be held at the Baptist church in Winter ... this forenoon, at 10½ o clock Rev A K P Small of Portland is expected to officiate on the occasion

—The Band will have a large audience at their Concert in Norombega Hall this evening Tickets will be for sale at the hall during the afternoon and up to 9 o clock in the evening The hall will be open and warmed in the afternoon so that people can inspect the presents

—Morse & Co are making some important improvements in their mill on the Kenduskeag The lower part of the main building is being rebuilt and enlarged, and the power is to be increased by the addition of another boiler A new muley saw is to be put in, which will add considerably to the capacity of the mill for working lumber

—Gammon and Irish of East Buckfield, have killed, this winter, within a few miles of that place, 17 foxes, 2 minks, and 4 coons

—The Press says that Mrs. Orin Jackson of Abbott died very suddenly of congestion of the brain, on the 18th inst.

—Rev S F Dike of Bath, has been appointed County Supervisor in place of D F Potter, member of the House, resigned

—Entry thieves have troubled Augusta people for some time On Tuesday, Henry Jones, George Abbee and Charles White were arrested on suspicion and much of the stolen property found in their possession

—The Kennebec Journal says that the town of Clinton has set a good example for any town and city in the State A voluntary subscription was made recently in the village district and sufficient money obtained to purchase two nice cabinet organs, for the use of the primary and grammar schools, and hereafter music will be taught in those schools

—The decision of Judge Danforth and Hon Thomas S Lang referees, in the case of J S Lyford of Lewiston, vs Otis N Cutler of New York, was opened Wednesday, in the Supreme Court for Androscoggin county. The suit was to recover a note for $11,000 and interest given for a horse sold by Mr Lyford to Mr Cutler The referees award to Mr. Lyford $11,834.10—the costs of reference, $420, falling to the defendant to pay. The horse was the famous "Ravenue," and the trade was made at Narragansett Park. Cutler claimed that the horse was not a trotter, but a pacer, and refused to pay the notes he gave in payment for the animal. The case was tried before referees, with the above result.

—The Lewiston Journal says that Mr. Levi C. Flint of Monson, recently hauled, one mile, with one pair of horses weighing 2100 lbs, one pine log which scaled 2100 feet, at one load on a bob-sled; also another load of two spruce logs, scaling respectively 1480 feet, and 500 feet.

—The Journal learns that P. Maney & Son of Lewiston have contracted to build four miles of the Maine Central Railroad extension, the first four miles from Danville Junction—Mr Bolan of Portland having been unable to complete the work. About one fourth of the job has been completed The Messrs Maney have 150 men and 40 horses at work and will complete their division by April 1st. They have also their original section of four miles from North Yarmouth to Cumberland in a good state of forwardness, and in five weeks nine miles of that part of the road will be graded

—The Augusta Journal says that on account of the cattle disease cattle trains have been suspended on the railroad

—Last Saturday the rails on the Knox & Lincoln Railroad extended six miles and 820 feet from the ferry landing in Woolwich The road bed is now found to be in much better condition than in any part of Woolwich, says the Times

—Mrs Rollins of Pittsfield was recently knocked down in the street by boys coasting, and her right clavicle fractured

—Miss Arethusa Vose of Belfast, about 55 years old was found dead in her bed last Monday morning She was as well as usual the day before and probably died of heart disease

—The Portland Argus says that a suit was brought against ex City Marshal Swett of Portland, for false arrest and imprisonment by Luke Smith of Dayton which resulted in the acquittal of Mr Swett

—Dr N P Monroe and Charles B Hazeltine of Belfast, have with their families gone to Florida to spend the winter

Reported for the Whig and Courier

MAINE LEGISLATURE

AUGUSTA Me, Jan 18

SENATE

Senate met at 10 A M

Papers from the House disposed of in concurrence

On motion of Mr Vose Petition of David Townsend and others to set off part of Smithville to Washington was taken from the table, but after remarks upon the question of reference was again tabled on motion of Mr Starr

On motion of Mr Morris, Printed bill an act to provide for calling a convention to revise or amend the State Constitution, was once read and referred to Com on Legal Reform

The annual report of the Bank Commissioner of the State was submitted

Read and assigned —

An act to increase the capital stock of the Laconia Company, an act to make valid the doings of Josiah True a Justice of the Peace in Kennebec County, an act to authorize the city of Hallowell to aid in the construction of a steam saw mill in said city

Passed to be engrossed

An act to incorporate the Kennebec & Chelsea Ice Co , an act to authorize P S J Tibbetts et als to extend their wharf into tide water bill an act to authorize the Lincoln Ice Company to increase its stock

Mr Vose from Com on Judiciary, reported legislation inexpedient upon an order relating to giving power of sale on mortgages of real estate

Petitions bills &c presented and referred—

By Mr Fuller—Petitions of Penobscot Indians for aid to build a schoolhouse—to Com on Indian Affairs

The President announced the receipt of the report of the Com on Paper Credits and on motion of Mr Lane

Ordered That the report of the Commissioners on Paper Credits be referred to a joint select committee consisting of three on the part of the Senate with such as the House may join to examine the same and documents connected with said reports and superintend the printing He said the object was not to set anything more than the simple printing of the reports shall be printed, so as to preserve the report and to unite its connected with it

Mr Vose was in favor of printing the report so the people of the State may understand the matter, and the committee should decide what part of the reports and documents be printed

Mr Nealley would have the report printed now if documents are needed, they can be printed afterwards

Mr Cleaves supposed the documents would accompany the report, and if we are going to print the report we had better print the proofs If the people of the State demanded this paper credit investigation, all these documents should be printed and scattered all over the State If the whole matter as to what shall be printed is left in the hands of a committee there is a chance that there may be some smuggling He moved that the report and accompanying documents be laid on the table and printed

Mr Lane explained that the object of the order is to preserve the report and papers

Mr Cleaves said the report and documents would be safe in the hands of the Secretary of State

Mr Foster hoped the report would not be tabled but the order of Mr Lane would pass

Mr French of Franklin favored the reference to a special committee

The order was refused a passage

The question recurred upon Mr Cleaves' order that the report be laid upon the table and 1 000 copies printed, with the documents referred to in the report

Mr Foster moved to lay it upon the table Decided not in order

Subsequently considered an open question and Mr Foster's motion was carried

On motion of Mr Vose

Ordered That the Secretary convey a message to the House of Representatives proposing a convention of both branches at 12 m , for the purpose of declaring the election of a Senator to Congress

At the hour assigned the Senate retired and a convention was formed [See House report.]

On motion of Mr Vose, the report of the Commissioners on Paper Credits was taken from the table and the reading commenced by the Secretary

Before the reading of the report was finished the Senate adjourned

At 1 p m adjourned

HOUSE

Papers from the Senate disposed of in concurrence

In the absence of the Speaker Mr Bonney was chosen Speaker *pro tem*

The following bills, petitions, &c, were presented and referred—

Petition of Selectmen of Houlton for State to refund monies paid into Treasury in 1864

For repeal of chap 338 of the private and special laws of 1840

Of Enoch Cousens for charter for a rail road from Portland to Portsmouth and South Berwick

Of Trustees of Lee Normal Academy, for an appropriation

Of Trustees of Mattanawcook Academy for an appropriation

Of 703 inhabitants of Westbrook against the division of said town

Of Penobscot and Passamaquoddy tribes of Indians for an appropriation, also credentials of representatives of said tribes

Of Selectmen et als, for legalization of the doings of the town of Pittsfield

An act surrendering the charter of the Maine State Seminary.

By Mr Sanborn—An act in addition to the acts incorporating the E & N. A R. Co

It was voted that the Com on Education inquire into the expediency of amending the law so that any town at its annual meeting may direct that its teachers shall be employed by school agents, also that the Com on Judiciary inquire into the necessity of legislation on the notice to be given on petitions of County Commissioners for assessment of amount of damages on account of railroads passing over lands

That the Com. on Legal Reform inquire as to the expediency of amending the tax law that all over —— deposited in Savings Banks shall be taxed.

That the Com. on Judiciary inquire if any further legislation is necessary to make the benefits of the Maine General Hospital more certain to the people of this State.

On motion of Mr. Sewall,

Ordered, That the Judiciary Committee inquire if further legislation is necessary to provide suitable remedies for sale of the property and franchises of corporations on execution.

Bill an act to legalize the transfer of the Bangor, Milford & Oldtown Railroad to the E. & N. A. Railroad Co. was read twice and next Tuesday assigned, on motion of Mr. Sewall.

Mr. Pike, from the Judiciary Committee, reported bill an act to authorize railroad companies to fix the number of Trustees. Ordered printed.

Mr Talbot, from the Com on Interior Waters, reported bill an act to incorporate the Boothbay Ice Co. Read and assigned.

A convention of the two branches was formed and the journals of each branch read, when it was found that Lot M Morrill had received a majority of the votes, and he was accordingly declared duly elected U S Senator to the Congress of the United States for the term of six years, commencing on the 4th of March next

Adjourned

In the caucus of the Republican members of the New Jersey Legislature Tuesday night which lasted two hours F F Frelinghuysen was nominated for U S Senator on the 9th ballot The vote on the several ballots varied for Frelinghuysen from 21 to 24 Walsh 1 to 15 Parker 2 to 12, Gregory 2 to 8

POKING FUN AT THE PROFESSORS The N Y World has the following little joke at the expense of the adventurous party now wintering 'above the clouds '

The scientific persons on the summit of Mount Washington have temporarily abandoned the scientific pastime of sliding down hill the extreme coldness of the weather having indicated euchre and pitch penny—games which can be played within doors—as more appropriate to the season than out of door sports One of their number however, whose name is said to be Smith, recently went forth to 'measure the velocity of the wind'—a process which we presume to be identical with the boyish sport of kite flying—and after an exposure of five minutes returned to the house 'completely covered with frost nearly two inches in thickness ' We must be permitted to have our doubts in regard to Smith The name itself has a suspicious look There may be a person of that name, but we wholly reject the theory of a Smith coated with two inches of frost and yet sufficiently lively to telegraph his condition to an astonished public Much science has probably made Smith mad He doubtless labors under the delusion that he is a sort of plum pudding glace and with that method in his madness so often noticeable even in unscientific lunatics invents the hypothesis of an accident occurring while measuring the wind to account for his supposed condition This theory receives additional confirmation from the fact that Smith voluntarily took up his abode on Mount Washington in winter—a course of conduct of which it is absurd to suppose that a sane person would be guilty No right-minded man can excuse the conduct of the scientific persons who permitted Smith to expose himself by kite flying with the mercury 25 degrees below zero Of course no one would expect from them the same practical common sense which we look for in unscientific people, but it really was too thoughtless to permit a scientific fellow-creature to venture out in such extreme cold for the mad purpose of 'measuring the wind" It is time that some charitable person should take measures to protect these unhappy scientific persons from their own mad selves

GEN CHANZY, the Commander of the French Army of the Loire, is a native of the Department of Ardennes, and is aged about 47 years He went to sea at the age of 16, but a year later he abandoned a sailor's life to join the army He studied at St. Cyr, and from there went, with the rank of lieutenant, to Algiers, where he remained until the Italian war of 1859, wherein he gained the rank of lieutenant-colonel He next went to Syria with the army, and served there with so much credit that he was made colonel in 1860. On his return he was at his own request, sent to Africa again, and there attained the rank of general He was recalled from Africa to engage in the present war in October, and was soon placed in command of a division. He took part in the battle of Coulmiers, and at Patay, at the head of the Sixteenth Corps, he carried the strong positions held by the right wing of the German army.

It is now thought that 58 lives were lost by the burning of the Steamboat T. H. McGill on Shoo-fly Bar in the Mississippi River. Officer Yerger states that the raftsmen, belonging to the American Timber Company, whose rafts were aground at the time of the disaster, might have saved many lives with their skiffs, but they paid no attention to the cries of distress, they busying themselves taking cotton and pillaging

FROM JAPAN The steamship America, from Hong Kong via Yokohama, arrived at San Francisco, Wednesday, with 40 passengers for San Francisco, 14 young Japanese noblemen, who go to New York to attend college and 160 Chinese She also brings a full cargo of teas and other miscellaneous goods American business in Japan was utterly stagnant Minister DeLong and Sir Harvey Parker have been on a visit to Kyston where a strong disaffection exists A number of troops have been massed there and it was feared that a civil war could not much longer be deferred Commodore Snooks Paymaster Bowles and some sailors of Her Brittanic Majesty's ship Ringdove were drowned in Yokohama Bay by the upsetting of a boat on the 20th of December. The roads in the vicinity of Yokohama are again becoming unsafe An English Japanese Railroad loan, negotiated by H A Lay, is not giving satisfaction but the negotiation is still progressing On the 20th of December half a square mile of houses were burned in Yeddo and on the same night the premises of Grdowr, Walsh Hall & Co took fire but the flames were extinguished after considerable damage had been done On the 29th of November a powder magazine exploded and several lives were lost Granert an old merchant of Yokohama, committed suicide in a fit of despondency caused by losses in business Portman the interpreter at the United States Legation had been suspended by Minister DeLong owing to complaints made by the Japanese and an angry correspondence had passed concerning it between DeLong and Portman The rice crop had suffered severely in the southern provinces from unfavorable weather and an earthquake

Eight thousand five hundred and eighty three Post-offices report to the Postmaster General that the postage at established rates on franked matter deposited at their offices for the six months ending June 30, 1870 would have been $916 376 and from these data Mr Creswell estimates that the aggregate postage otherwise accruing on all the franked matter of the country for one year would be $2 ... 327

THE MAINE HOUSE OF REPRESENTATIVES is composed of 151 members The occupation or profession of the members of the present House may be set down as follows Farmers, 49 Lawyers 20 Merchants 13 Physicians 5, Traders 4 Clergymen 2, Lumbermen, 7 Farmers and Lumbermen 3 Caulkers 2, Clerks, 2 Lumber Manufacturers, 2 Merchants and Farmers 2 Contractor and Builder, 1, House Carpenter 1 Apothecary, 1, Secretary of Insurance Company 1, Iron Founder 1, Ship Carpenter 1 Produce Broker, 1, Ship Master 2 Tanner 1 Farmer and Expressman 1 Ship Owner 1 Carriage Maker, 1 Dentist 1 Bank Cashier 1 Hardware Dealer 1, Ship Builder 1 Cattle Broker, 1 Commercial, 1 Machine Manufacturer, 1 Publisher 1; Editor 1 Wool Manufacturer, 1 Stone Mason 1 Teacher and Farmer 1 Master Mariner 1 no occupation 5 By this list it will be seen that the farmers greatly outnumber any other occupation as is customary in the Legislature of Maine furnishing the material for nearly one third of the entire body With this large representation the interests of agriculture ought to be protected ... engaged exclusively in the business of farming, there are those who are engaged with it indirectly devoting a portion of their time to practical agriculture The lawyers come next in number which seems to be perfectly proper as many nice questions of law are constantly arising in the General Court The ... merchants and 4 traders ... number of the House is made up of ... professions in most cases a single individual representing some great interest as for instance, the editorial fraternity has but one voice in the popular branch but it comes from the sunrise portion of the State and sends forth no uncertain sound We hope and trust that all the other professions are equally ably represented Politically the House is divided as follows Republicans 112, Democrats, 38 Independent 1, Sixty six of the members stop at public houses, the remainder finding homes during the session at comfortable and well conducted boarding houses The Speaker of the House is a lawyer, the Clerk a Teacher, the Assistant Clerk a Journalist, the Messenger a Canvasser, Assistant Messengers laborer and farmer and the clerk who takes the notes of the entire proceedings a phonographic reporter

THE SENATE is composed of 31 members Their occupation or profession is set down as follows —Farmers 7 Lawyers 7 Lumbermen 3 Merchants 3 Mechanic 1 Agriculturist 1 Woolen Manufacturer 1 Iron Founder, 1 Shipbuilder 1 Master Mariner 1 no occupation 1 By this it will be seen that Farmers and Lawyers are present in equal numbers also are the Lumbermen and Merchants while there is but one each of the various other occupations Politically the Senate is divided 25 Republicans to 6 Democrats Seventeen of the members board at public houses The President is a Lumberman the Secretary a Lawyer Assistant Secretary a student the Messengers a painter and farmer and the Reporter a newspaper man [Kennebec Journal

LAST WORDS.

[illegible]
The slow waves wash in twain

[illegible] no passionate prayer,
[illegible] watching of the weary eyes,
[illegible] back to winter skies,
[illegible] glow to autumn's air

[illegible] day is done
[illegible] the feeble fluttering heart,
[illegible] throbbed their last we two must part
We two who were but one

I will not say to-day
[illegible] had loved you better May be so
[illegible] I know
[illegible] last hours glide away

And you [illegible] shall not weep
[illegible] I want to rest
My living head upon your loving breast
[illegible] for sleep

[illegible] time for sorrow
[illegible] my head forever
[illegible] watch the red sun sink together
[illegible] to morrow

[illegible] while the world goes by
[illegible] fruits form and
[illegible] the summer river
[illegible]

[illegible] their records leave,
[illegible] this sweet autumn eve
[illegible] are reading

Talk of the past my love
[illegible]

[illegible] great waves crashed
[illegible] at our feet
[illegible]

[illegible]

[illegible] tired
[illegible] rests crowned
[illegible] fresh ing uplands round
[illegible]

[From [illegible] Year Round]

ALL SORTS AND SIZES

The London journals are astonished to find that Mr [illegible] the [illegible] has a big [illegible] the year than the Lord Chan[illegible] three or four times as much as the [illegible] of the army

[illegible] Hooker and Chief Justice Chase [illegible] in the same house on Fifth [illegible] patients [illegible] Surgeon Gen[illegible] who has for some years given [illegible] to affections and [illegible] the brain

A miser worth $20 000 died in Knoxville [illegible] from unintentional generosity—[illegible] a bank check of $500 instead of $5, to present to a nephew and when he found what he had done he cried, 'My God, I am a [illegible] man and very appropriately died

[illegible] acted in Chattanooga recently, and a Knoxville paper insists that when he appeared on the stage and the audience saw that he upon whom they looked was not the cavalry leader General N B Forrest the only great man of that name of whom they had [illegible] they jumped to their feet and de[illegible] they had been sold

Brown's little weakness is this When he and Mrs Brown go to a dinner party, they do it in style and he actually likes his entertainers flunkeys to think that the equipage he has hired for the occasion is his own. (Brown (in a loud voice) O—a—Come for us at eleven John The coachman (in a londer) Hall right Sir! What name shall I hask [illegible]

In California when the diggings were paying well Signor Blitz visited a gulch, and before a large audience exhibited his legerdemain During the performance he took out his handkerchief threw it into the air, caught it again when he took a twenty dollar piece out of it asking the boys if they could do that Old Pete, a forty niner who had never changed his mining shirt since he came in the diggings immediately went upon the platform took off his shirt, and dipped it into a bucket of water, held it up and wrung out $39 50 in gold dust, including fifteen pounds of subsoil Blitz took the next mule train

Lead Pipe and Science.—I should like to know if there is any person within the memory of men still living who has not supped full of the horrors resulting from using lead pipes. If we are to believe the books, Eve's apple was an innocent and harmless thing compared with a bit of lead pipe. Disease dwelt in the outer darkness till she was conducted into our world through a lead pipe. Long ago we heard and received into devout and believing hearts all the scaring stories, and rejoiced in our old fashioned but wooden pump, and ascribed our vigor and health to pure, fresh water, till one day the pump was taken up to be mended, and lo, like Milton's sin, it was no wooden pump at all, but only seemed wooden to the floor and fair, but ended foul, in a lead pipe!

So then, after ascertaining that in spite of years of poisoning we still lived, the old pump was thrown aside and a new one bought with galvanized iron pipe, devised, commended and recommended by wise men of the East as safe and salubrious. No rust could corrode it nor poison distil from it, and we drank that our souls might live! Now comes up Science again with a somersault, and warns us if there is any one thing more deleterious and deadly than another it is galvanized iron, for whereas ordinarily the poison is an incident to the pipe, this pipe sets to work with double forces to make poison Go to We be all dead men

"But oh!" mourns science, with no accession of modesty, "we have discovered something wonderful! Lead is fatal and galvanized iron deadly, but if you will fill lead pipes with the warm concentrated solution of sulphide of sodium till it forms an insoluble sulphide of lead, they will be perfectly harmless"

They will, will they? For how long? By day after to-morrow you would set us all digging out the insoluble sulphide of lead as the arch poison of the whole solar and human system Away with your pipes and your poisons and let us go back to the old oaken bucket that has no nonsense about it! I suppose I can swallow a rope if I like and nobody hurt. Or will you tell me presently that the combination of the hempenate of oakum with the hydrogen of water forms a hyper hempe-hydrate utterly destructive to the cerebral tissues, the coriliic gangla and the body politic generally?

When science knows her own mind it will be time enough for her to dogmatize about our bodies Until then, we, the Ignoramuses assured that men have died and worms have eaten them, but not for lead and cultivate the cheerful spirit of that incredulous mother in a certain rural Israel, who when condoled with for a supposed liver complaint, replied heartily, "I don't know but my liver and my lights is both gone, but if they be I don't know it!"—[Gail Hamilton

Dec. 23d, 1870. [illegible]

H. T. Helmbold's
GENUINE
PREPARATIONS.

'HIGHLY CONCENTRATED' COMPOUND

FLUID EXTRACT BUCHU,

A positive and Specific Remedy for diseases of the Bladder, Kidneys, Gravel and Dropsical Swellings

This Medicine increases the powers of digestion, and excites the absorbents into healthy action, by which the matter of calcareous depositions, and all unnatural enlargements are reduced, as well as pain and inflammation and is good for men women and children

H

H. T. Helmbold's Extract Buchu,

For weakness arising from Excesses Habits of Dissipation Early Indiscretion attended with the following Symptoms

Indisposition to Exertion,	Loss of Power
Loss of Memory	Difficulty of Breathing
Weak Nerves	Trembling
Horror of Disease	Wakefulness
Dimness of Vision	Pain in the Back,
Hot Hands	Flushing of the Body
Dryness of the Skin	Eruptions of the face
Universal Lassitude	Pallid Countenance

of the Muscular System

These symptoms, if allowed to go on (which this Medicine invariably removes) soon follow—

FATUITY EPILEPTIC FITS &c

in one of which the patient may expire Who can say they are not frequently followed by those direful diseases

INSANITY AND CONSUMPTION?

Many are aware of the cause of their suffering but none will confess The records of the insane asylums and the melancholy deaths by consumption bear ample witness to the truth of the assertion

The Constitution once affected by organic weakness requires the aid of medicine to strengthen and invigorate the system which H T HELMBOLD'S EXTRACT OF BUCHU invariably does A trial will convince the most sceptical.

E

In many affections peculiar to Females the Extract Buchu is unequaled by any other remedy, and for all complaints incident to the sex or in the

DECLINE OR CHANGE OF LIFE

☞ See Symptoms Above

☞ No Family should be without it

L

Take no Balsam Mercury, or unpleasant medicine for unpleasant and dangerous disease.

H. T. Helmbold's Extract Buchu

AND

IMPROVED ROSE WASH

Cures Secret Diseases

In all their stages Little expense little or no change of diet no inconvenience and NO EXPOSURE

M

USE H T HELMBOLD'S

EXTRACT BUCHU

For all affection and diseases of these organs whether

EXISTING IN MALE OR FEMALE

From whatever cause originating and no matter how long standing Diseases of these organs require the aid of a diuretic

H. T. Helmbold's Extract Buchu

Is the Great Diuretic

And it is certain to have the desired effect in all diseases for which it is recommended

B

BLOOD! BLOOD! BLOOD!
H T HELMBOLD'S

HIGHLY CONCENTRATED COMPOUND

FLUID EXTRACT SARSAPARILLA

For purifying the Blood removing all chronic constitutional diseases arising from an impure state of the Blood and the only reliable and effectual known remedy for the cure of Scrofula Scald Head Salt Rheum Pains and Swellings of the Bones Ulcerations of the Throat and Legs Blotches Pimples on the Face Tetter Erysipelas and all scaly Eruptions of the Skin

AND BEAUTIFYING THE COMPLEXION

NOT A FEW

of the worst disorders that afflict mankind arise from the corruption that accumulate in the Blood Of all the discoveries that have been made to purge it out none can equal in effect HELMBOLD'S COMPOUND EXTRACT OF SARSAPARILLA. It cleanses and renovates the Blood instils the vigor of health into the system and purges out the humors which make disease It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood Such a remedy that could be relied on has long been sought and now the public have one on which they can depend Our space here does not admit of certificates to show its effects but the trial of a single bottle will show to the sick that it has its virtues surpassing anything they have ever taken

Two tablespoonfuls of the Extract of Sarsaparilla added to a pint of water is equal to the Lisbon Diet Drink and one bottle is fully equal to a gallon of the Syrup of Sarsaparilla or the decoction as usually made.

O

H. T. Helmbold's Rose Wash,

An excellent Lotion for diseases arising from habits of dissipation used in connection with the Extracts Buchu and Sarsaparilla in such diseases as recommended Evidence of the most responsible and reliable character will accompany the medicines Also explicit directions for use *with hundreds of thousands* living witnesses and upwards of 30 000 unsolicited certificates and recommendatory letters many of which are from the highest sources, including eminent Physicians Clergymen Statesmen, &c The Proprietor has never resorted to their publication in the newspapers he does not do this from the fact that his articles rank as standard Preparations and do not need to be propped up by certificates

The Science of Medicine, like the Doric Column should stand simple pure majestic, having fact for its basis, Induction for its pillar and Truth alone for its Capital

L

My Extract Sarsaparilla is a Blood Purifier, my Extract Buchu is a Diuretic and will act as such in all cases

Both are prepared on purely scientific principles—*in vacuo*—and are the most active measures of either that can be made A ready and conclusive test will be a comparison of their properties with those set forth in the following works

See Dispensatory of the United States

AMERICAN AND FOREIGN PATENTS

R. H EDDY,

SOLICITOR OF PATENTS,

For Inventions Trade Marks or Designs,

No. 76 State Street, opposite Kilby Street, Boston.

After an extensive practice of upwards of twenty years continues to secure patents in the United States, also in Great Britain, France and other foreign countries Caveats Specifications Assignments and all papers for Patents executed on reasonable terms with dispatch. Researches made to determine the validity and utility of Patents of Inventions and legal and other advice rendered on all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions

All necessity of a journey to Washington to procure a Patent and the usual great delay there are here saved inventors

TESTIMONIALS

I regard Mr Eddy as one of the most *capable and successful* practioners with whom I have had official intercourse

CHARLES MASON Commissioner of Patents'

I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

EDMUND BURKE
Late Commissioner of Patents

Mr R. H Eddy has made for me THIRTY applications for Patents having been successful in almost every case Such unmistakable proof of great talent and ability on his part leads me to recommend ALL inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
